Personal Profile

I am currently in my 3rd year at Belgium Campus ITversity. I have been in the SRC(Student Reprensentitive Council) for 2 years. I headed the Clubs department for one year and became a senior memeber the next year. I am really passionate about ethical hacking. I am have a niche for Web programming as well. I am a team player and I belive myself to be a democratic leader. I am always willing to be given constructive critisism, as long as it will help me improve my skills and better me as a person and in life in general. I enjoy conversing with people because there is a great chance of me learning something new and hopefully they learn something from me.

Work Experience

Security Officer

December 2024 - Present

I work at stadiums. My employer is fidelity, I ensure that spectators don't enter the field while the game is underway. This has taught me how to speak to certain groups of people and it resulted in me having the ability to converse with young and old people from different ethic groups. Working for this company has also taught me punctuality and management.

Key Skills

Relationship development
Group leadership
Problem solving
C#

HTML & CSS
Web development
Communication
Ethical hacking

Education

The Hill High School

Qualification

2017 - 2021

I completed my studies at The Hill High School and completed the year with a Bachelor pass, I was elected president of the school. I was later on elected deputy president of the district.

Belgium Campus ITiversity

Software Engineering

2022 - 2025

In my second year I was elected Head of the clubs department. In my third year I became a senior leader in clubs, I headed the sports department in clubs and assisted the sports department because I was so involved in the sports side of the school.
